

These performances are the result of a 10 days workshop involving more than 20 artists from 6 different countries.

The project mixes culture and the artistic realms of music, dance, theatre, multi-media, circusry and digital poetry.

“Collympics” expresses the act and art of collaboration, and focuses on people and multi-culture.

It is abstract, but at the same time concrete, and leaves a notion of multiplicity. Like people do, like the world does, like the universe.

多样性正是它要传达的理念，一如我们多样的人类、世界和宇宙。音乐、舞蹈、戏剧、多媒体、马戏、数码诗歌等多种艺术形式与多元文化在此交融。它是抽象的，同时又是具象的。这个系列演出是来自6个国家的20多位艺术家为期10天的艺术研讨会的成果。
